INTRODUCTION

The volume presented herewith embodies R. L. Polk & Co.'s 1921 edition of the Saginaw City Directory. It has been compiled with care after a thorough enumeration of the citizens and business concerns of the city. The publishers have sought to maintain the high standard established in previous issues, and in this endeavor have utilized their unrivalled organization and efficient methods, desiring to offer the community what is best in this most necessary and indispensable of reference works in business and social life. The Directory is devoted to the advancement of all of the city's vital interests, and has in each issue kept pace with its progress. The publishers offer the assurance that no effort on their part has been omitted to insure completeness and accuracy, thus affording the best Directory service. The statistical data, which follows this Introduction is impressive as showing the expansion in civics, commerce and industry, of this wealthy, prosperous and progressive city.

The five essential features of the work are set forth in the order following:

The Miscellaneous Department is contained in pages 32 to 46; it comprises data concerning city and county officials, Federal officers, banks, building associations, cemeteries, churches, clubs, courts, hospitals, homes, libraries, schools, convents, newspapers, parks, public buildings, halls, postoffice data, etc. This department covers every phase of civic and social activity.

The Buyers' Guide is embraced in pages 49 to 112 inclusive. It gives the progressive business men represented therein an opportunity to describe their lines more fully than is possible in the necessarily condensed descriptions in the body of the Directory. It shows not only the more progressive and alert business men, but in compact form it becomes a "Who's Who" in the business life of Saginaw.

The Street and Avenue Guide and Directory of Householders is included in pages 113 to 248. This Department embraces a list of all the Streets and Avenues in the city alphabetically arranged; the houses and buildings being arranged in numerical order, with the name of the occupants or householders placed opposite each number.

The Alphabetical List of Names of citizens and business concerns, is embraced in pages 249 to 774.

The Classified Business Directory is contained in pages 775 to 853; this department exhibits the various manufacturing, mercantile and professional occupations compiled in alphabetical order by headings and this feature constitutes an invaluable and indispensable epitome of the business interests of the community. "The Directory is the common intermediary between Buyer and Seller."

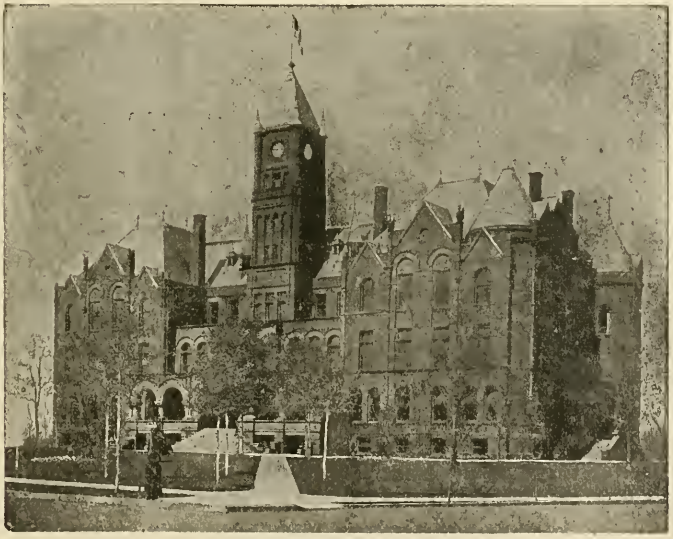
SAGINAW

The Metropolis of Northeastern Michigan

Its Commerce, Finance and Industry

(Furnished by The Saginaw Board of Commerce)

SAGINAW is the fourth city in Michigan, with a population of 65,648 (U. S. Census 1920) and surrounded by fifty villages and cities within a radius of 30 miles; has astounded the business and industrial world by its rapid and substantial growth the last five years. Many new industries, particularly the General Motors, have been located and retail and wholesale trade has extended in great volume.

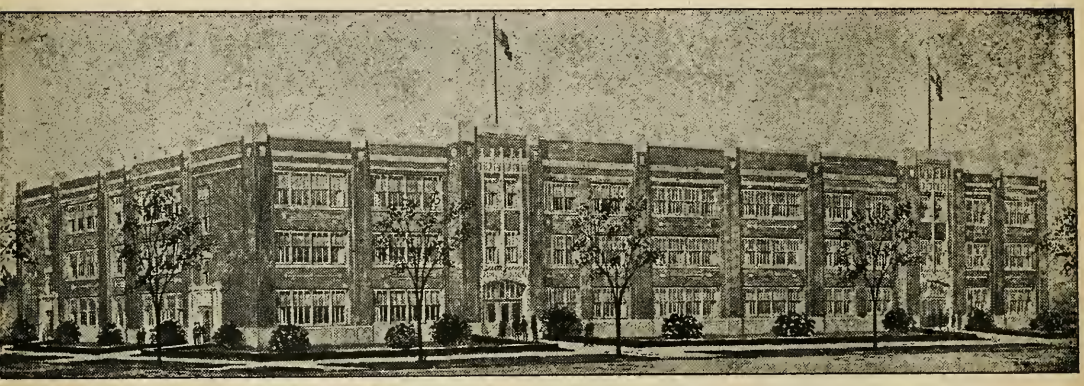


SAGINAW CITY HALL

The city has kept pace with its new population by the large number of new homes, schools, churches, and such environments as are necessary for a happy, contented community of home owning labor.

Saginaw is located within easy shipping by water, rail, and electric power, and good roads, of Detroit, and other large industrial centers. The fact that Saginaw lies over the heart of the bituminous coal mining district of Michigan, that electric power in unlimited volume is accessible from the Au Sable dam project, and that industries are encouraged and fostered by the Saginaw Board of Commerce and the city and the community in general has had much to do with the magnificent growth the city has enjoyed.

Banking, for which Saginaw is the clearing house for all of eastern and northern Michigan, has been an accurate barometer of the growth enjoyed. Deposits have increased by leaps and bounds. This is considered the best test of a substantial growth.



JUNIOR SCHOOL

This is a picture of the proposed Junior High School which the east side Board of Education would erect The plans, drawn by Cowles & Mutscheller, call for a three-story structure, 282 by 173 feet, embodying the latest ideas in school construction obtained by an exhaustive study of similar buildings throughout the country.

The General Motors has located five plants, employing thousands of workmen. This is but one of the industries that has been located here.

Saginaw is the hub of a wheel of good roads, which radiate to every section of Michigan. The city is committed and already has launched and completed many of its permanent and asphalt road projects, this being thought necessary for the heaviest arteries of travel.

There are three electric and four railroads feeding transportation in and out of the city.

Saginaw is a typical city of the re-adjustment period. Its inception as a force in the industrial life of this country dates from the time of lumber, when giant forests of pine permeated eastern and northern Michigan. Saginaw was the center of the felling and the making up of these forests. This left a large number of wealthy citizens. Unlike many cities, they have stayed in Saginaw because of its natural beauties, its thousands of acres of parks, its wide, well kept, shady streets, its prime educational institutions and facilities, the many churches with which it is blessed, and the general recreational opportunities which are offered. They re-invested their money and started to build anew and laid the ground work for a city that could not help but grow. This growth,

PROPOSED NEW ST. MARY'S HOSPITAL

As the second big step in its campaign for enlargement of Saginaw's hospital facilities to meet the city's needs, the Welfare League has received the above picture of the proposed new St. Mary's hospital. Work on the first unit of the building will be started next year if the League campaign December 2 to 7 is sufficiently successful.

The building will be built in several units. The first will be erected directly north or the present hospital. It will include the central portion shown in the picture, together with the north wing, that on the left hand side of the picture. The four story wing in the right hand side of the picture will not be built at first. The present hospital stands on this spot, and will be left practically as it is for the present. Eventually it will be torn down and the south wing built to replace it.

The picture shows the Jefferson avenue elevation of the hospital as it will look when it is finished. It does not show another wing that will be built on the east or Owen street side, on the site of the present sister's residence—formerly the hospital proper.

The building when completed will have from 250 to 300 beds, and at present construction costs would mean an expenditure of from $1,250,000 to $1,800,000. It is hoped that costs will decline greatly before the later units are built, and that the whole structure can be put up for much less than this. The first unit will have about 85 beds and will cost from $400,000 to $500,000.

The unit first to be built will be partly four and partly five stories high, with a basement under it. The central part will have five and the wing four stories. It will include finely equipped operating rooms, laboratories where doctors and surgeons may make microscopic examinations to determine their patients' condition, x-ray rooms' offices, waiting rooms and lobbies well equipped to accomodate the public, dining rooms for the nurses and sisters, and many other features. One floor will be devoted to surgical cases and one to maternity cases.

The present hospital will be left practically as it is for the present, being connected with the new part. Only slight changes will be made in it.

Plans for the proposed new hospital have been worked out by the building committee of the Welfare League, of which H. J. Gilbert is chairman.

while steady and sure, has received its greatest impetus in the last five years with the development and with the merging of all commercial organizations into the present Board of Commerce, which has been able to do wonderful things for this city.

Saginaw is now building a $6,000,000.00 water system by which clear, pure water for drinking, commercial and industrial purposes, will be brought 20 miles from Saginaw Bay.

COMMISSION FORM OF GOVERNMENT

Saginaw has the commission form of government with a Mayor and four commissioners, elected at large, for terms of four years. They are the executive and administrative body.

GREY IRON FOUNDRY

Another of the group which make up the Saginaw Products Company division of the General Motors Corporation

RESORT FACILITIES

Saginaw is the gateway into northeastern Michigan, roads leading to the hundreds of lakes and streams, which attract thousands of visitors each year. In this resort district lie the great hunting grounds of Michigan with an abundance of wild game and some of the most famous trout streams in this country. In fact, Saginaw is the gateway into what is known as America's playground.

SCHOOLS

The schools of Saginaw stand well with university authorities. The students graduating from these institutions are received with high standings in the great educational institutions of America.

FRATERNAL LIFE

Saginaw has hundreds of clubs, both for men and women, and the churches and other organizations foster clean, healthy, mental, physical, and recreational development for their members.

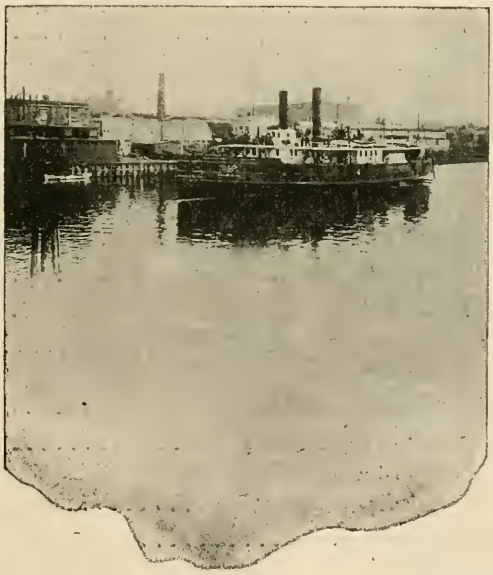
FIRE DEPARTMENT

Saginaw long ago discarded the horse drawn fire apparatus and has substituted, and is using, the most modern system of high powered automobile apparatus brought about at a cost of several hundred thousand dollars.

SAGINAW PRODUCTS CO. (Motor Plant)

WHOLESALE AND RETAIL TRADE

Because of its strategic position, Saginaw is naturally the center of a large urban population from a district which feeds an immense volume of retail and wholesale trade into Saginaw. The stores are cosmopolitan and eager to develop and cement trade extension and the wholesale firms through a rapid system of motor trucking transportation and courteous treatment have made this city a jobbing center.



WATER TRANSPORTATION

Saginaw is a harbor, and is located on the Saginaw River a few miles up from Saginaw Bay and water transportation is enjoyed by freight and passenger carriers with Detroit and other lake cities.

The Saginaw Board of Commerce

The Saginaw Board of Commerce is representative of all civic, commercial, industrial and professional interests of the community. It typifies a community absolutely cemented in harmony and co-operation and headed toward one direction—fostering legitimate business enterprise and extending the sphere of commercial, manufacturing and social influence. Its officers and directors typify representative business men of the city. The Board solicits correspondence and is prepared to furnish complete data to investors, merchants, manufacturers, working men and homeseekers.

DIRECTORY LIBRARY

A Library of Directories embracing the principal cities in the country is maintained by the publishers in the rooms of the Saginaw Board of Commerce for the free use of patrons and the public.

ADVERTISING SAGINAW

Copies of this Directory are placed by the publishers in Directory Libraries, which are maintained in all the larger cities of the country, where they are readily available for reference use by the public. There they serve as perpetual advertisements of Saginaw, for business men the country over realize that the City Directory represents the community as it really is.

LIST OF NAMES

Any Business—Any Locality
Accurate and Up-to-the-minute

WE publish over 400 Directories — City, County, State, National and Trade. We furnish real live up-to-date lists of all trades and professions.

¶ As directory publishers we frequently have available for lists the manuscript copy from which directories are being compiled, and thus you may secure information in advance of publication, a service that cannot be had elsewhere.

¶ We have no trade lists—our information is taken from the latest sources, and above all things, is accurate.

DIRECTORY OF HOUSEHOLDERS
STREET AND AVENUE GUIDE

EXPLANATION—On referring to this Directory, it will be noticed that the names of streets, avenues, etc., follow each other in strictly alphabetical order without regard to locaton. Opposite each number will be found the name of the householder, or householders if more than one, living there. In the case of a person or a firm doing business at a certain number, the nature of the business will be stated after the name.

E Genesee and Lapeer avenues on the east side and Court street on the west side are the dividing lines for North and South streets. All intersecting streets will also be found to follow in their correct order. On streets where no numbers show it is because the houses are not numbered and a notation is made to that effect after the description, although they have been canvassed and the names of the persons living on them will be found in the alphabetical portion of the book. In the case of a street having no houses on it at the time of the canvass, a proper notation is also made after the description of the street.

Detroit Directory Library—Every Directory Office is a Branch

HOW DIRECTORY LIBRARIES ARE USED

He Wanted to Buy a Home

"Who sells ready-cut houses?" said a man to us the other day. "There is nobody listed under that heading in the Detroit City Directory, but I know there is some concern out in the State which sells them."

Reference to the Michigan State Gazetteer (State Business Directory) soon told him that the concern he wished was the North American Construction Company, of Bay City, Mich. "I will write and order what I want at once." was his parting remark.

Where one instance of this sort comes to our attention, the same things are happening over and over again wherever a City Directory is to be found.

If you will trace back new customers to find out how they found you, City Directory classified lists will receive their share of the credit.

A $50,000.00 Order

A traveling man from St. Louis called on a wholesale dry goods house in St. Paul, to sell salvage goods. They did not deal in that class of goods.

Later the firm dissolved. One partner decided to engage in that line of trade and wanted to buy a complete stock, amounting to about $50,000.00.

He called at our office and examined the St. Louis Directory to find the name of the house the agent represented. The classification "Salvage Goods" did not show it.

We, being more familiar with the classifications in a Directory, found it under "Bankrupt Stocks," much to the delight of the jobber, and a tremendous order was placed with the salvage house.

The classified section of the City Directory is the greatest buyers' guide on earth. Any one classification may secure the largest order and the best customer, any or every day in the year, and its omission may lose a large order at any time.

Every day, all over the country, thousands of people are consulting Polk's Directory Libraries. We offer you the free use of our directories for single reference.

Many Directories of various cities are bought by progressive concerns, who desire up-to-date mailing lists, classified by trades and otherwise.

Ask for a free copy of our "Directory of Directories," or for our "List of Mailing Lists."

LAKE D & C LINES

For Business and Pleasure Trips Use D & C Line Steamers

The Delights of a Lake Trip

REST after work is necessary to human endurance, and holidays are a wise economy. The Great Lakes of America offer more vacation opportunities than any other source in the country. The steamers of the Detroit and Cleveland Navigation Company operating to all important ports are unrivalled in point of elegance, comfort and quality of service—the perfect freedom offered by the saloon and promenade decks, the commodious state rooms, luxurious furnishings and excellence of cuisine make life aboard these floating palaces, a solace to the weary mind and body.

WHERE YOU CAN GO

Daily service is operated between Buffalo and Detroit, Detroit and Cleveland, six trips weekly between Detroit and Mackinac Island, the historic summer resort of the North Country, and from July 1st to September 14th a special steamer will be in commission between Cleveland and Mackinac Island, stopping at Detroit enroute every trip. During July and August special daylight trips between Detroit and Cleveland.

RAILROAD TICKETS AVAILABLE

Tickets reading via any rail line between Buffalo and Detroit, Detroit and Cleveland will be honored for transportation on D. & C. Line Steamers in either direction. Send 2 cent stamp for illustrated pamphlet and Great Lakes Map. Address G. P. A., Detroit, Mich.

The Association of North American Directory Publishers is composed of reputable City Directory Publishers, organized for the general advancement of the Directory business. Any person, corporation or firm engaged in business as owner and publisher of a City Directory in the United States or Canada, who shall qualify as competent to gather information and compile a City Directory and furnish satisfactory references, is eligible to membership.

The objects of the Association are:

First. The advancement of the Directory business and the improvement of Directories by the interchange of ideas and the exchange of experienced employes.

Second. To provide protection to the public against fraudulent advertising schemes which operate under the name of Directories, and to drive unprincipled promoters of the same out of business.

Third. To provide permanent and profitable employment to competent, industrious and honest Directory canvassers and compilers.

Fourth. For the mutual protection and advancement of the established and prospective interests of all who may become members, by personal advice and assistance of members as may be mutually satisfactory, desirable or advisable, and by such other means as may, from time to time, be shown to be wise, proper and lawful.

$100.00 REWARD will be paid by the Association for the arrest and conviction of any person or persons engaged in publishing, collecting or canvassing for any fraudulent or "fake" Directory.
